### Description

#### Myntra Job Role:

As a senior member of the strategy team you will play a pivotal role in influencing strategic decisions for the company. You will be part of a carefully selected, high-performing, highly motivated team. You will get an opportunity to demonstrate your leadership skills and inspire various internal stakeholders to realize Myntra's longer-term vision/ goals. Specifically,

Partner with business unit heads and senior leaders to understand their strategic choices/ problem area

Conduct outside-in market and competitive analysis to develop key insights

Outline strategic choices and develop fact-backed solution themes/ recommendations

Develop high-quality materials and align with various cross-functional stakeholders

Convert strategies into action and drive the changes required. Support senior management presentations and board reviews

Evaluate new business initiatives and opportunities – develop a business model and identify ways to service the opportunities

(adsbygoogle = window.adsbygoogle || []).push({});

### Responsibilities

Think beyond immediate problem statements, to create long-term, end-to-end perspective, and demonstrate ability to proactively identify strategic opportunities

Autonomously drive and iterate on key analyses to uncover insights leveraging existing and new information sources

Bring together insights to develop well-rounded recommendations and help communicate them effectively

Manage stakeholder expectations, communicate effectively and drive the organization to action

This role will provide a great seat-at-the-table to learn and influence the development of consumer internet in India and will act a launch pad for impact in horizontal and vertical roles over a period of time.

**Skills:**

Strong understanding in consumer internet, technology, retail domains. Superior analytical skills including strong ability to identify and solve highly ambiguous problems. Ability to connect with people across teams and levels
